Adashchenk Hello. I ordered a new 535 str working Time: 23:25 Oct. 11 2015 . and paid a $ is at 29.61, and you sent me is not working str 530. it's been about six months. I learned in the workshop the repair will cost 1050 rubles ($15) to replace the entire motherboard + installation only 1200 rubles.and you offer me 4.5 dollar for that money I will travel by public transport 4 times. so I'm going to sue for moral and material damage or you send me the cost of repair or new STR 535.
